

Standard Comfort Controls

TECHNICAL DATA SHEET | 21.06.23 | V 2.0

Control unit for one actuator or one group of actuators. Complete with radio receiver for remote operation. Inputs for Rain Sensor, Rocker Switch, Key Switch or Remote Transmitter. Maximum output of 6.3 amp to operate 230V AC actuators. Supplied complete with surface mount enclosure.

Technical Data

Primary Voltage (Input)	230V AC
Secondary Voltage (Output)	230V AC
Motor Load	6
Motor Lines	1
Inputs	Rain Sensor, Remote Transmitter, Switch, Key Switch and Timer
Operating Condition	-20°C - +70°C
Battery Backup	No
Size	162 x 139 x 45 mm
Protection Type	IP 54
Delivery	1 x Control Unit

Accessories

RCU3-RC1	Remote Transmitter 1-Channel
RCU3-RC16	Remote Transmitter 16-Channel
RCU3-RC5	Remote Transmitter 5-Channel
RRTKEY	Key Switch
RS2	Rain Sensor
S50-1	Rocker Switch

Part Codes

CCU3: CCU3 Control Unit 230 V 2.25 A

Voltage

- Input = 230V AC, Output = 230V AC

Inputs

- Rain Sensor
- Key Switch
- Switch
- Remote Transmitter

Applications

- Comfort ventilation
