

SHEET WEIGHTS

Standard Production	CE18 - 1.83kg/m ²	CE24 - 2.44kg/m ²	CE30 - 3.06kg/m ²	CE36 - 3.66kg/m ²	
Double Reinforced			₁ DR24 - 2.44kg/m ²	₁ DR30 - 3.06kg/m ²	
Triple Reinforced					₂ Supasafe - 4.2kg/m ²

₁ The DR range includes CEDR24 (nominally 2.44kg/m²) which has improved strength characteristics over and above a standard production CE30 (nominally 3.06kg/m²) whilst CEDR30 (nominally 3.06kg/m²) slightly outperforms the standard production CE36 (nominally 3.66kg/m²).

₂ FILON Supasafe rooflights are manufactured from polyester resins and glassfibre mats, with two additional reinforcement layers, one of which is a reinforced woven glass mat. They have been assessed in accordance with ACR(M)001-2014 Test For Non-Fragility of Large Roofing Assemblies and achieve a class B non-fragility rating providing comparable impact resistance and load bearing capabilities to 0.7mm steel sheet.
