

Getting your workplace ready

And helping people stay safe.

Work station with 2 x pack set up

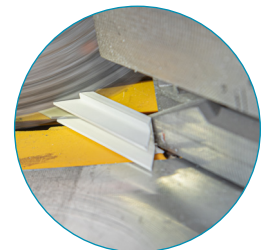

*What will you get:
1no. 10mm Marlon Clear Twinwall Sheet 2100x1050mm
3no. 10mm White Sheet End Closure 2100mm

Protective screens and partitions will have an important role to play in offices providing a barrier for those who work with the public or near others. They provide physical separation to help maintain social distance and offer a durable, flexible design which is quick to install and easy to clean.

- Trims for around all 4 sides (un-mitred).
- Panel has flutes top to bottom, therefore easier to trim to width without creating swarf.

End closures can be easily cut for a mitred finish as shown.
