

Product: SL**/ USPPC & SC**/USPPC Upstand Stop End

Product range: Alumasc Skyline Flat and Sloping Coping

Features and benefits:

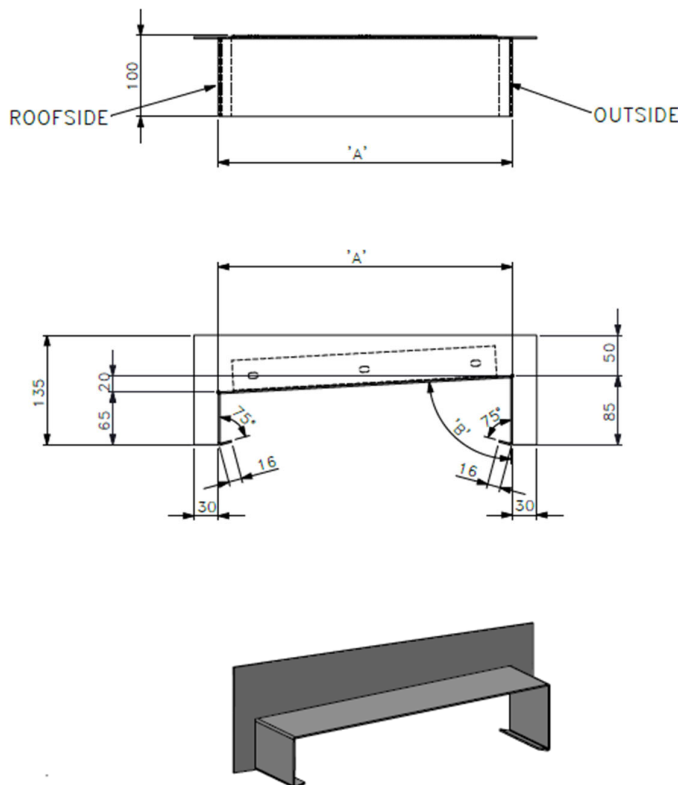

- Aesthetically, design has changed within upstand panel to create a perpendicular fitting to wall face
- More discreet design with less upstand material needing to be covered thus avoiding any site cutting which may be required therefore saving time and costs on site

Specification:

- Less material used in upstand, 30mm overhang on left and right hand with 50mm above
- One code per flat coping size, left and right handed codes for sloping coping

Product availability:

- **Availability:** Now
- **Lead time:** Same as Skyline Coping System
