COMPOSITE FENCING
FENCING PANEL 3.6M

Available in a range of colours, including Redwood, Olive Green, Ivory, Teak, Coffee, Charcoal, Light Grey and Stone Grey, you can be sure any selection of Cladco Composite Fencing Panels will complement your existing or future Cladco project.

Measuring 3600mm long, 210mm high and 20mm deep, Cladco Composite Fence Panels can easily be screwed onto Timber or Composite Fencing Posts. Made from 60% recycled hardwood fibres and 40% recycled plastic, bonding agent, additives and tint, Cladco Composite Fence Panels will cover 3600mm x 200mm per Board when fitted horizontally.
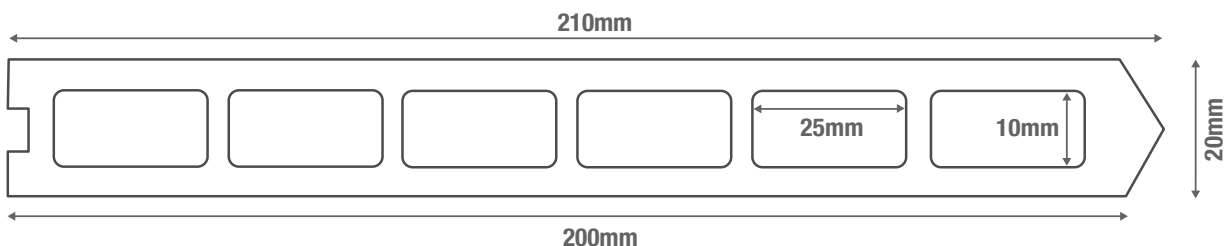

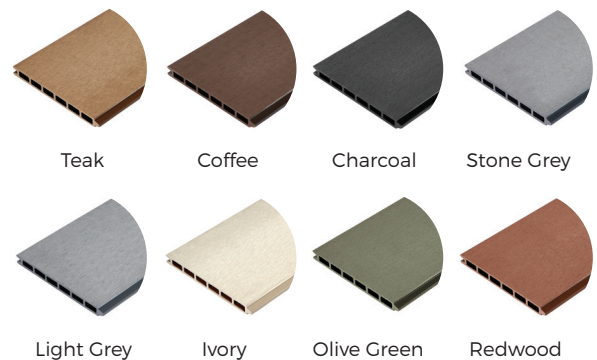

Why Choose Our 3.6m Composite Fencing Panels

Cladco Composite Fencing Panels are strong due to their six-hole honeycomb construction, made from recycled wood fibres and recycled plastic that will withstand the elements. Composite Fence Panels are constructed from a lightweight material and slot together easily to make installation quick and simple.
