

WHY GENIUS ROOF SOLUTIONS?

Who are we

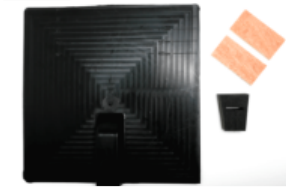

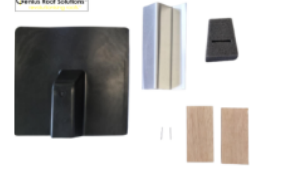

We are a family owned business based in Lancashire England, dedicated to ensuring roofers of today are armed with innovative solutions to perform professional, permanent repairs.

Genius Roof Solutions provide a wide range of solutions and innovations that have transformed and improved the way that roofers can fit slate and tile roofs, including our Hallclip® and patented Hallhook®, developed by inventor Jimmy Hall. Today our products are being used all over the UK, and in a growing number of countries.
