EAVES PANEL VENTS

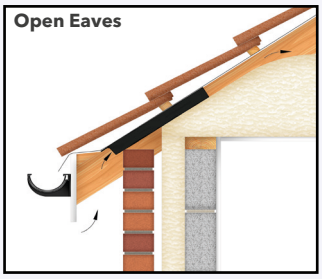

The eaves panel vent range are designed to help maintain a consistent flow of air into the roof space.

FEATURES AND BENEFITS

- Allows a clear airway above the insulation layer
- Helps prevents build of moisture/condensate
- Panels are formed with ribs to ensure the insulation cannot block the airflow
- Suitable for new and refurbishment projects and all roof pitches

PRODUCTS

Code: HD 6000

UNIVERSAL PANEL VENT

Available for 600mm rafter centres. Designed to maintain a clear ventilating air path between insulation and underlay.

Code	Airflow per panel	Airflow per metre
HD 6000	16,000mm²	29,090mm²

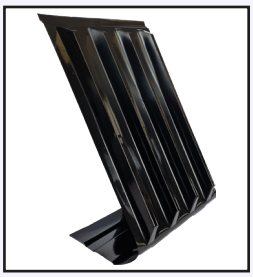

Code: HD 6050

SINGLE FLYSCREEN PANEL VENT

Available for 600mm rafter centres. For open eaves details incorporating a single row 4mm slotted flyscreen for 10,000mm² per m ventilation opening requirements.

Code	Airflow per panel	Airflow per metre
HD 6050	6,800mm²	11,400mm²

REFURBISHMENT TRAY VENT

Code: HD URT
Airflow Used with rafter centres:

- 400mm - 25,700mm² per m
- 450mm - 25,500mm² per m
- 600mm - 25,000mm² per m

Rafter tray specifically designed to be fitted from the inside of the roof to ensure that insulation does not block the passage of ventilating air.

ROLL PANEL VENTS

Code: HD 5000
Airflow: 25,000mm² per m
Length: 6000mm **Depth:** 310mm

Code: HD 5600
Airflow: 17,000mm² per m
Length: 6000mm **Depth:** 600mm

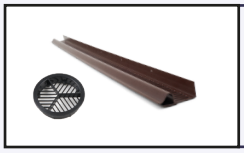

Code: HD 5800
Airflow: 17,000mm² per m
Length: 6000mm **Depth:** 800mm

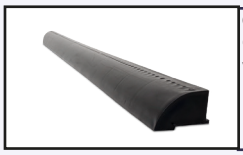

Code: HD 51200
Airflow: 12,500mm² per m
Length: 6000mm **Depth:** 1200mm

Prevents insulation blockage at eaves and allows high levels of cross flow ventilation - eaves to eaves. Universal rafter centre fitting capability, position as required to maintain airflow.

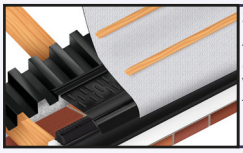

RELATED PRODUCTS

Soffit Vents
Our soffit vents permit entry of air into the roofspace for most eaves details.
Strip Vents (HD 8000, HD 8210 and HD 8310) and Circular Soffit Vents (HD 7000).

Over Fascia Vents
Our over fascia vent provides a through-flow of ventilating air over the fascia board in both new build and refurbishment details.
(HD 12000U and HD 12000M)

3 in 1 Eaves Ventilation Pack
A eaves to eaves ventilation system that includes an Over Fascia Vent (HD 12000M), Universal Roll Vent (HD 5000) and roofing Underlay Suppport Tray (HD 3000)
