SELECTED RANGE OF POLYCARBONATE AND FLAT GLASS ROOFLIGHTS

Inspired by  
natural light

## Inspired by natural light

The power of natural daylight has inspired our Hi-Lights range of contemporary Mardome rooflights, hand-picked for your home.

Polycarbonate  
Dome Rooflight

Flat Glass  
Rooflight

# Hi-Lights

SELECTED RANGE OF POLYCARBONATE  
AND FLAT GLASS ROOFLIGHTS

Designed for the flat and curved roofs of modern buildings and extensions, our range of Mardome Polycarbonate and Flat Glass Rooflights transform open plan living areas, kitchens, bathrooms and hallways by creating wonderfully light, bright and airy rooms where windows simply are not possible.

Combining sleek styling, quality engineering, and innovative thinking, Mardome Hi-Lights deliver the most inspiring rooflight solution all round.

## **Maximum Daylight**

A generous glazing area affords more daylight for the lightest, brightest rooms imaginable.

## **Contemporary Styling**

Mardome is the most attractive rooflight internally and externally. The compact low-rise polycarbonate and flat glass glazing profiles blend discreetly with the roofline.

## **Quality Guaranteed**

BBA approval and a 10 year product warranty guarantees Mardome rooflights for complete peace of mind.

## **Energy Efficient**

The performance of the complete Mardome rooflight has been developed to deliver an exceptionally energy efficient rooflight choice. Flat glass and triple glazed polycarbonate options meet the requirements of Part L of the Building Regulations.

## **High Security**

Tamper proof security fixings and impact resistant polycarbonate and glass glazing options combine to deliver a highly secure rooflight.

# mardome Hi-Lights

**The Hi-Lights range** of Polycarbonate domes has been hand-picked to provide a selection of high quality rooflight options in 6 key sizes from 600x600mm to 1200x1200mm, which satisfy the requirements of most projects and will be delivered within 48 hours\* of placing the order.

## Polycarbonate Dome Features

- Sleek, low rise contemporary rooflight design.
- Glazed in polycarbonate which is very light in weight but 200 times stronger than glass.
- Maximised glazing area for more natural light.
- Triple glazed options for improved thermal efficiency to meet Part L of the Building Regulations.
- Choice of non-opening and opening options.
- Can be supplied with a PVC kerb or to fix directly to a builders upstand.

# Polycarbonate Dome

## Designed to perform

Mardome Dome Rooflights, glazed in damage resistant polycarbonate, are a popular choice for flat and low pitched roofs. With a selection of size, glazing and opening options, the right Mardome for your project and budget can be easily selected from our Mardome Hi-Lights collection. And, if something a little more out of the ordinary is required, a wider range of options is available through special order – visit [www.arielplastics.com](http://www.arielplastics.com) for more information.

BBA approval and a 10 year product warranty guarantees Mardome rooflights for complete peace of mind.
