

EXTENSION AF100

Modular Height Extension piece for Caro Pedestal :

Extension piece :	Consist of 1 piece.
Material :	UV-resistant Thermoplastic elastomer.
Colour :	Black.
Extension height :	100 mm.
Maximum pieces to put on :	8.
Maximum weight for wood decking :	Each 600 mm length/width 1.350 kg/m2. Each 500 mm length/width 2.400 kg/m2. Each 400 mm length/width 3.750 kg/m2.
Maximum weight for tiles :	Tiles of 600x600mm.(2,25 pcs/m2) – 1.350 kg/m2. Tiles of 500x500mm.(4,00 pcs/m2) – 2.400 kg/m2. Tiles of 400x400mm.(6,25 pcs/m2) – 3.750 kg/m2.
Weight :	132 g/pc
Product code :	AF100

The extension AF100 is being screwed into the support which enlarges the stability of the support.
The extension AF100 has the possibility to be mounted one on another for heights from 500 to 1000 mm height :

The Extension piece is compatible with the following components :

PV3/5	(product datasheet is available)
PV5/9	(product datasheet is available)
PV9/13	(product datasheet is available)
PV11/15	(product datasheet is available)
PV15/19	(product datasheet is available)
AF100	(itself)

Packaging :

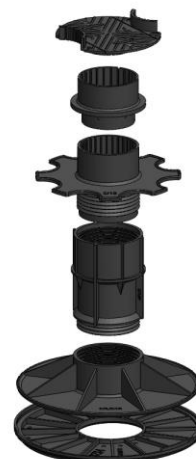

- Standard packaging:
 - o Quantity : 100 pcs/cartonboard box (pic.1)
 - o Dimensions : 425 x 425 x 435 mm
- Standard pallet : (pic 2)
 - o Dimensions : 1,3 x 0,87 x 1,45 m
 - o Pallet weight : 340 kg
 - o Quantity : 24 boxes / pallet – 2400 pieces
