

In 1933, a young man by the name of Hans Schroder set up as a wholesaler in Copenhagen, Denmark. During the first few years he kept his focus on selling general hand tools, but in 1938 he started to also manufacture saws. Amongst his friends and business associates Hans Schroder was known simply as Jack, and before long, the "Jack" name had become synonymous with the production of high quality saws.

IRWIN® Jack® has been at the forefront of many advances with the development of the market leading Jack® 880 now with upgraded protouch handle to compliment the recently upgraded Universal triple ground technology.

## Marples®

At the heart of quality craftsmanship lies the rich heritage of Marples® woodworking tools. Originating in 1828 in Sheffield, England, the Marples® brand has consistently stood for superior performance and ultimate precision in fine woodworking.

Founder William Marples came from a long lineage of master craftsmen in the joinery and edge tool trades, and after serving as an apprentice to his father he established William Marples and Sons Limited. Using only the finest materials Marples® had his name stamped into every product as a sign of his confidence in the quality and craftsmanship of each tool.

## PLUS 880

### EVER-RELIABLE CUTTING PERFORMANCE, IMPROVED HANDLE DESIGN

- NEW ProTouch Grip for maximum feel
- 25% faster cutting performance\*
- Full Range of Fine, Universal, Coarse and Coated PLUS Handsaws Available

## PLUS 880 UNIVERSAL HANDSAW

### UNIVERSAL

BLADE LENGTHS - 14" / 20" / 22"

#### 1. PATENTED UNIVERSAL TEETH

Patented Tooth Grind  
Cuts Most Building Materials  
8 Teeth Per Inch

#### 2. STRONG BLADE - C75 STEEL

High-quality C75 steel is stable and  
ensures maximum power transfer

#### 3. MARKING

90° & 45°

#### 4. PROTOUCH GRIP

With three times more elastomer for  
maximum soft feel

#### 5. HAND CAPACITY

Increased space for use with gloves  
and improved functionality

#### 6. GRIP CIRCUMFERENCE

Increased size for sturdy and robust feel

HANDSAWS

### XPERT

**Triple-ground teeth** for ultimate cutting performance  
**1mm rigid blade** for maximum stability  
**Deep gullets** for enhanced performance & greater volume removal of waste material (Coarse saw only)  
**Fine nose teeth** for easy start (Universal and Toolbox Saw only)  
**Soft-grip handle with finger guide** for maximum comfort in prolonged use  
**Hard point teeth** for longer life  
**High quality C75 steel blade** that is stable and ensures maximum power transfer  
**Water based lacquer** gives four times better rust protection than traditional lacquer

The ultimate cutting comfort and performance of the XPERT comes from its breakthrough Triple-Ground Teeth (TGT). This technology has been developed in collaboration with the research centre of the University of Newcastle.

The TGT logo is the mark of quality for the IRWIN® Jack® tooth design.

### XPERT HANDSAWS

The XPERT saw range takes wood cutting to whole new levels of comfort and performance. Designed for Professionals - The XPERT saw range has a specific saw for every material and application.

XP3024 for green wood

The unique handle-to-blade relationship overcomes traditional design limitations and maximises how the user interacts with the handsaw. With optimal tooth design and superior ergonomics, the holistic product concept optimises handle position (height and angle) against the tooth line. Now, EVO covers virtually all user needs.
