DEKS *RAPID FLASH*™

Lead Free

Fully Adhesive Base

Reduces Install time by 50%
Compared to traditional lead based solutions.

DEKS *RAPID FLASH*TM

DEKS, the original creator of Dektite®, established in 1947, continues to lead our industry with innovation.

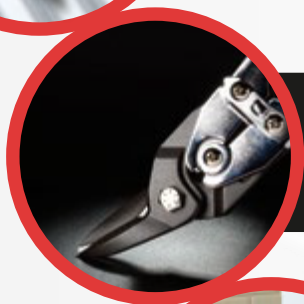

DEKS is proud to continue the lead-free innovation, with the launch of Rapid FlashTM, that replaces traditional lead based flashings. Rapid FlashTM incorporates a cleverly designed mesh that is free from toxic materials.

The solution has been designed to suit both metal and tile roofs whilst incorporating a paintable surface that can be adapted to suit different roof colors.

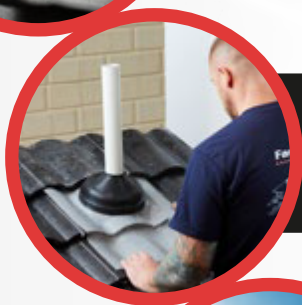

Other key features:

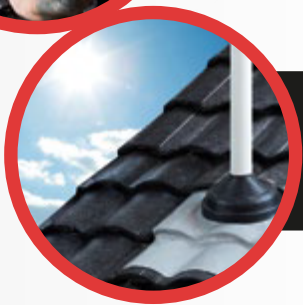

Unique stretchable base that suits
all roof profiles.

Easy to install.
Minimal tools required.

Market leading sealing system
that you can trust.

UV rated.
