GRPROOF

High performance fibreglass system

The ultimate
flat roof protection.

Specially formulated to provide lasting waterproofing protection, the **GRP Roof 1010** System offers unrivalled performance at exceptional value.

The highly impact-resistant finish can withstand regular foot traffic without additional protection and when combined with an anti-slip finish, the **GRP 1010 System** is the perfect choice for balconies and walkways.

Why choose GRPROOF 1010?

- 20 Year Guarantee on materials.
- Engineered for optimum roofing performance.
- Flexible technology for reduced risk of cracking.
- BROOF (t4) Fire Rating for unrestricted use.
- Excellent inter-coat adhesion, no flaking or de-lamination.
- LABC Registered Detail for assured compliance with building regulations.
