TIMBERLINE

Loft Access Kit

150kg

MAX. LOAD

(Load includes user, tools, materials, etc.)

EN14975

A complete timber loft access solution including ladder, loft surround, 26mm insulated trapdoor and all fittings

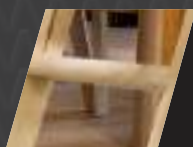

Ladder stows within trapdoor so no loft floor space or headroom in the loft is used

Fully insulated trapdoor prevents loss of heat and draughts

Spring-assisted stowage for smooth opening and closing

Slip-resistant treads for comfort when climbing

Suitable for heights up to 2.8m

High quality timber construction

Optional
Extension
Kit available

Increases height to 3.50m

Product Code: 34635000
